Learn to Love Your Laptop

All Notebooks | Monster | Racer 2.0 | Neptune 2.0 | Scorpios | Panther 4.0 | Shark | All In One PCs | Upgrade Your Laptop

Light Weight Notebooks

Lightweight But Powerful

Travellers and road warriors rejoice. We have notebooks for the user not in need of raw computing horsepower, but more interested in mobility and long battery life. With built-in wireless connectivity, long battery life and a light weight, these notebooks have a specific demographic of user. Business travelers, students and professionals on the move are our core audience in this category.

Gaming Notebooks

High Performance

Custom build, powerful, versatile and fully configurable high performance gaming laptops.

Eurocom manufactures the world's best high-performance PC gaming laptops money can buy. Unsurpassed in performance, support, and value.

Designed for real warriors and world rulers like you. Unleash your inner hero!

Mobile Workstations

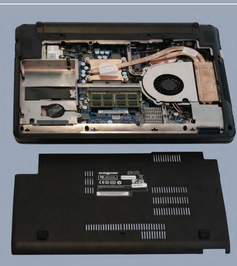
Heavy Duty

"Eurocom Mobile Workstations are designed for heavy-duty computing so they are built like heavy-duty trucks — portable yet extremely powerful with maximum upgradeability, expandability, and reliability," says Mark Bialic, president of Eurocom. The Mobile Workstation is designed for maximum performance and for the most demanding users. CAD/CAM and 3D designers, engineers, architects, animators, graphics professionals and digital content creators who frequently travel, yet need access to powerful computing, are the core target for Mobile Workstations.

Mobile Servers

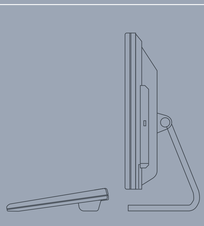
Designed for the Professional

Mobile Server is a new category of notebooks designed with a professional user in mind. Software and/or database developers, training centers, military personnel, emergency relief organizations and service organizations who must frequently travel, yet need access to powerful computing, are the core target for Mobile Servers.



E2G ENGINEERING ON THE GO

S2G SERVER ON THE GO



ALL IN ONE PC

Energy efficient, small carbon footprint, excellent value, attractive look and a space saving design were the basis for Eurocom's long running series of All-in-One PCs. From the kitchen, to the boardroom to the library the All-in-One Portable PC makes an attractive and environmentally friendly PC for all kinds of uses. (Special availability for touch screen versions). The All-in-One Portable PC is a sensible solution for a low-cost, low-power, highly capable business machine for offices, banking, restaurants, schools and retail environments. The low energy consumption design will save you a lot of dollars in energy and support cost

Monster W110ER

VGA Technology: on-board NVIDIA GT 650M with 2GB of DDR3 VRAM; Optimus
Chipset: Intel Mobile HM76 Express
Processor: supports up to Intel® Core™ i7-3920XM Processor Extreme Edition
Memory: up to 16GB DDR3-1866; two SODIMM sockets; Dual Channel
Storage: up to 1TB of storage space; SATA3; one physical hard drive
Ports: USB 2.0; 2x USB 3.0; HDMI 1.4a out; VGA; Headphone; Mic; RJ45/LAN
Communication: 1Gigabit LAN; WLAN; Bluetooth
Weight: 1.8kg / 3.96lbs (with battery)
Dimensions: WxDxH 287x207x12.7-37.1mm; 11.48x8.28x0.51-1.48-inch
Battery Life: up to 410 minutes; 62.16WH battery

Shark W3xEOT

VGA Technology: NVIDIA GTX 660M with 2GB DDR5 on-board; Optimus 1.2
Chipset: Ivy Bridge technology up to Intel i7 Core 3940XM Extreme; Intel HM77 chipset
Processor: supports up to Intel® Core™ i7-3920XM Processor Extreme Edition
Memory: up to 24GB DDR3-1600; 3 RAM SODIMM sockets
Storage: 2x HDD (SATA3) + 3rd via ODD Bay
Ports: 1x VGA; 1x HDMI out; 3x USB 3.0; 1x USB 2.0; 1x LAN

Eurocom
Panther 5D

EUROCOM Future Models

Description:

EUROCOM Panther 5D Supercomputer delivers unmatched 3D capabilities for heavy duty 3D and 2D applications, like CAD (Computer-Aided Design), CAE (Computer-Aided Engineering), DCC (Digital Content Creation), visualization, and simulation.

Designed for long lifespan, full upgradeability, total flexibility, unsurpassed power and ultra performance

Ideal for EotG (Engineering on the Go) for you and/or your RED (Rapid Engineering Deployment) Team

Display:
17.3-inch 3D 120MHz; Wide Viewing Angle; FHD 1920-by-1080 Matte (Non-Glare); LED Backlit

Base Spec:
Core Logic: Intel X79 Express Chipset
Processor: up to Intel i7-3970X Extreme (6-cores) or up to XEON E5-2687W (6 cores); socket LGA2011
VGA TECHNOLOGY: Modular MXM 3.0b; NVIDIA: GTX 680M(Kepler) or QUADRO K5000M; with SLI support
MEMORY: up to 64GB; DDR3-1333/1600/1866; four physical SODIMM sockets
EXPANSION: Built-in ExpressCard 34/54 slot
STORAGE: up to 4TB of storage with four physical SSD, Hybrid or HDD, RAID 0/1/5/10 support; SATA 6Gb/s
OPTICAL DRIVE BAY: DVD-RW or Blu Ray Burner or 4th Hard Drive
I/O PORTS: 3x USB 3.0; 2x USB 2.0; eSATA; Firewire-800 (TI XIO2221ZAY); DisplayPort v1.2; DVI-I (SL); HDMI 1.4a out w/HDCP; Headphone; Microphone; S/PDIF out; Line-in; RJ-45 / LAN
COMMUNICATION: built-in 10/100/1000Mb Base-TX Ethernet LAN (Intel 82579V); WLAN (optional); Bluetooth v2.1+EDR (optional); 2M Video Webcam (built-in)
SECURITY: TPM 1.2; Fingerprint, Kensington Lock
KEYBOARD: Backlit; full-size with separate numeric keypad; W/A/S/D gaming key; built-in touchpad with multi-gesture and scrolling functions; 6 touch sensor instant buttons: Volume Up/Down, Mute, WLAN, BT, Webcam
WEIGHT/DIMENSIONS: 5.5kg (12.1lbs); 419(W)x286(D)x57.9-62.1(H)mm (16.76x11.44x2.31-2.48inch)

Please follow The process below:

1. Browse Eurocom Products on line
2. Choose our desired mode & configure it to your needs.
3. Proceed to bottom of the products page & click continue.
4. Email quote to yourself.
5. Add Education Discount & proof of your eligibility to email.
6. Send email to sales@eurocom.com including your phone number & name.

Eurocom will then contact you to verify your quote, order & discount eligibility.

* For institutional purchases, Eurocom will work closely with your organization to tailor a solution to meet your needs.
